My name is Merlin Grue and I reside in Oak Creek, Wisconsin.
I am sending this message to express my concern about the efforts of some individuals, corporations, and government agencies to inhibit Microsoft's right to compete in the market place and provide quality products at a fair price to me, the consumer.
If I wished to purchase products from one of Microsoft's competitors, I am free to do so, without any intervention from local, state, or federal government.
The only ones who profit from litigation of this sort are the attorneys.
